

## Writing

It's a situation you know well. You and your team are working flat out. You have some great ideas – but don't have time to write up the copy yourself. Or maybe you're looking to refresh existing texts and need a new perspective. Think you could do with an extra pair of hands or a fresh pair of eyes? CLS Communication can help.

### Our services

- Writers specialising in financial, medical, marketing and technical texts – in all languages
- Support across the whole project – from briefing to proofreading the final version
- Powerful global reach - we deliver on time, even when deadlines are tight and volumes are high
- A highly secure IT environment and rigorous processes

### Your benefits

- Concentrate on your core business
- Gain a flexible addition to your team
- We focus on writing, you retain complete control over your project
- Keep a tight grip on your budget – our pricing is competitive and transparent

### Our standard process

### EXPERTISE IN WRITING

- Specialist articles
- Press releases
- Web copy
- Brochures
- Newsletters
- Case studies
- Financial reports

### Client feedback

"CLS Communication was very flexible on cost and timing, and we were impressed with how quickly the medical writer got to grips with our training material. The end product truly exceeded our expectations."

Medical training manual for Abbott Vascular, a global healthcare company
